

REMARKS

Status of the Claims

Claims 2, 6 – 14, 17 – 20, and 22 are pending, with claim 20 being independent. Without conceding the propriety of the rejections and merely to expedite prosecution, claims 1, 3-5, 15, and 16 have been canceled without prejudice to or disclaimer of the subject matter contained therein. Claims 2, 6, 8, 12, 13, 14, 17 – 19, and 22 have been amended to even more clearly recite and distinctly claim Applicant's invention and to pursue an early allowance. Support for the amendments can be found in the original claims as well as throughout the specification. Therefore, no new matter has been added.

Applicants would initially like to thank the Examiner for indicating that claim 20 is allowed. Applicants respectfully request the Examiner to reconsider and withdraw the outstanding rejections in view of the foregoing amendments and the following remarks.

Therefore, Applicants respectfully request that the rejection be withdrawn.

Therefore, Applicants respectfully request that the rejection be withdrawn.
